Ian Sacs, P.E.
Director

BICYCLE REPAIR STATION INFORMATION

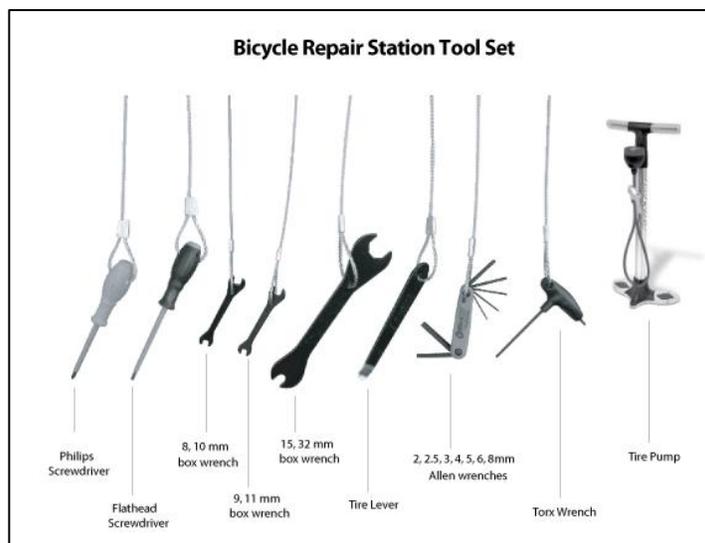

Bicycle repair stations allow cyclists to make minor repairs to their bikes using a free air pump and other tools including Allen wrenches, box wrenches, and screwdrivers. The repair stands improve the convenience for cyclists making minor, routine repairs, much like services that gas stations often provide for drivers.

Requested Location* of Bicycle Repair Station: _____

(Optional: Attach Map)

*Note: Requested locations will be inspected by City staff to ensure the repair station can meet engineering standards and would not impede typical pedestrian traffic flow.

- Bicycle Repair Station costs \$1,200 to purchase and \$50 to install
